May German Song Thrive Forever !

These words say it all !

It is the German song that has - for more than 150 years - brought together every three years the member choruses of the Nordöstlicher Sängerbund of America (NOSB). The purpose of these Sängerfests is not only to preserve the continuance of the German choral music, but also to ensure that we do not forget our musical history and tradition.

Now, in 2009, the Nordöstlicher Sängerbund will celebrate its 50th Sängerfest – an important milestone in the history of NOSB. This three-day Fest will be held in the nation's capital, Washington, DC. The proud hosts of this historic event are the members of the Washington Sängerbund (WSB).

As President and especially in the name of the members of WSB, it is a great honor to extend a warm and special welcome to all friends of the German song to this festive event.

Our Fest committee strives to present a program befitting this special Sängerfest. The visitors will not only have the opportunity to sing and promote the German song, but also will see long-time friends again, make new ones, and most of all, enjoy a social gathering and lots of Gemütlichkeit.

My hope is that our efforts to make you feel welcome will be successful, that the Fest participants will return home with positive impressions and fond memories, and, with anticipation, look forward to the 51st Sängerfest in 2012.

Sincerely yours in Song,

Bernhard Wenzel
President
